This is your yearbook. In it you will find memories of bygone days, days of laughter and days of worry, days of work and days of play. Nor can we forget the nights filled with activities, dances, lyceums and studies.

If you find these memories happy ones, it is because you have made them so. Your spirit of dedication, your determination to achieve your goals, and your efforts in all fields of endeavor gave Piedmont College a new look of youthful prosperity.

It is with pride in you and your college that we present this Book of Memories.

*Dr. and Mrs. H. William Emerson*

Dr. and Mrs. Emerson have brought a lot more to Piedmont College than scholarship and professional ability alone. Among their qualities is a cheerful and unchanging friendliness that ignores distinctions between the degrees and levels of campus society. Always deeply appreciative of important things, they go beyond most of us and sort out the petty things which do not deserve concern and dismiss them with a laugh. They have taught us that there is such a thing as rationality and that there is real meaning in the injunction to "let all things be done in decency and in order." They have taught us not to squander our feelings on little things and have shown us a delightful prodigality with humor. They have shown us proportion and discretion in emotion. These things they have done by example, unconsciously and sincerely in infirmary and classroom. These things we recognize through the dedication of this Annual and our admission that we have come to know and admire the balanced life they have shown us.

## THE BOARD OF TRUSTEES

The twenty-four men and women who make up the Board of Trustees carry the corporate responsibilities of our college. They are talented and devoted people, representing a variety of business and professional experiences, such as teaching and educational administration, medicine, law, business, scientific research, engineering, finance, and the Christian ministry.

They reside in twelve different states, even though over half of them live in Georgia. Their understanding of the objectives of Christian higher education and their devotion to the long range welfare of Piedmont College are at the heart of all their policy making decisions.

# THE PRESIDENT'S MESSAGE

My tenth message to you is one of gratifying progress and genuine optimism for the future of your Alma Mater. All of us are especially grateful for the marvelous improvements which have been made in our physical plant during the current year through the generosity of our friends.

Will any of us ever forget the joys of sharing in the dedication of King Science Hall on Sunday afternoon, November 26, 1958? Every Piedmont student of chemistry, biology, and physics has thoroughly enjoyed the practical efficiency, beautiful appointments, and comfortable atmosphere of

the first building in Georgia, according to the Georgia Power Company, that was completely heated and cooled by electricity. All of us are profoundly grateful to Dr. and Mrs. Robert J. King, Alumni, Trustees, and all other friends who gave generously of their substance and time to the strengthening of our total program. They gave, and enjoy giving, because they believe in you, the students of Piedmont College. They believe in your abilities to learn and they are confident that you will take your full measure of responsibility in all of your social and community relationships, especially as active supporters of your Alma Mater. They believe in your desire to become constructive and creative citizens of the world. They believe in your devotion to God and your partnership with all men of good will.

The gym, too, had a wonderful new look last fall. The sturdy lion emblems, designed and painted by Dick Taylor and Dean Sheetz, a new hardwood floor, an acoustical ceiling, glass backboards, and freshly painted walls give us all a big lift.

Your fellow students of last year have graduated and pressed on to a variety of major responsibilities in the work of the world. Teachers of elementary children, leaders of high school youth, business executives, housewives, and graduate school students are all happily and successfully at work. They are discovering the adventures of applying the knowledge and spirit of college days to the practical tasks of their respective callings. Visiting them in their homes and at their altars of toil provides many wonderful compensations for me during my days of traveling from coast to coast as an interpreter and ambassador of the college.

I am deeply confident that all of you who have shared in the life of our campus this year will also be successful in all the worthwhile adventures of the years ahead. Our abiding concern and warmhearted affection will go with you through all the years ahead.

# Who's

Outstanding character traits, leadership ability, scholarship achievements, good citizenship, promise of future attainments are the basic traits of the five seniors of Piedmont College who, by possessing these traits, were elected to Who's Who Among Students in American Colleges and Universities. The prospective nominees were submitted to the academic council by the student-faculty committee for approval. The final decision was made by Who's Who Among Students in American Colleges and Universities.

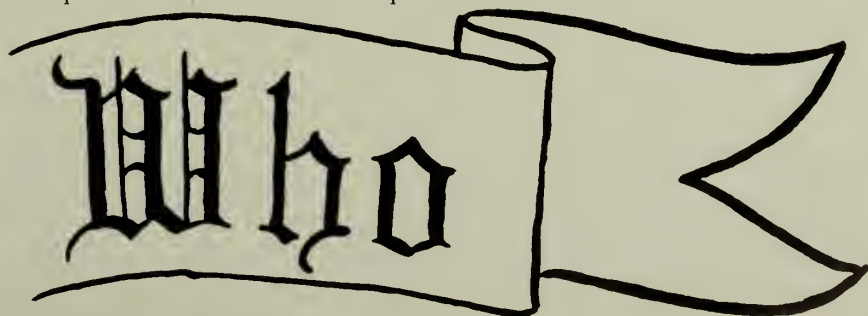

Those who received this high honor have been rewarded a certificate of recognition, a write-up in the annual publication 1958-1959, and the use of the Student Placement Service provided by the organization.

These students are Barbara Coffee, from Alto, Georgia, whose major is English; Tom Johnson, from Detroit, Michigan, whose major is Business; Lamartine Perry, from Hull, Georgia, whose major is Business; Richard Taylor, from Corbin, Kentucky, whose major is History; and Leonard Warner, from South Hadley, Massachusetts, whose majors are History and English.

These students constitute the best of American Youth! Their college records have shown qualities which should prove invaluable in their respective careers and future associations.

## *Student Association Officers*

On behalf of the officers of the Student Association I would like to express sincere appreciation to Piedmont College for the opportunities it has offered and the progress it has made this year. The co-operation of the student body and the spirit it has shown have helped make this a gala year in the annals of Piedmont College.

With best wishes to the graduating seniors and with expectations of a happy and prosperous future for all we say thank you for making this college year a successful one.

## *The Yonahian Staff*

The memories of a year are difficult to catch and hold but this is a job given every annual staff. The compilation of any yearbook has its headaches and moments of despair, its toil and frantic rushes to meet that dreaded deadline; but let no one issue a complaint, for out of this comes a new experience of responsibility. Nor is it all labor, for a new feeling of companionship, the spontaneous laughter at our many mistakes, and the several pauses that refresh have all been a part of our school year.

Throughout the year your annual staff has been rushing hither and yon selling advertisements, blinding people with flash bulbs and making a general nuisance of itself. The year started, for us, in the Spring quarter of 1958, continued through the summer months and on into the school year. Somehow the dummies, copies, divisions, catalogues, pictures, worn pencils, and frayed nerves fell into place as the year progressed and their product we now proudly present as the 1959 YONAHIAN.

## *College Choir*

The college choral program is designed with three aims. First is training. Students with no previous training learn to carry a part, then to help weaker members, and eventually to go out as valuable members of church choirs in their home communities. Secondly, the choir provides leadership in chapel and vesper services. Soloists and small ensembles receive additional experience through this medium of expression. Third, publicity. Over the years the choral groups have carried the name of Piedmont College into the high schools of the area while providing musical entertainment for them. The principal of one high school which recently hired a music director has stated that their interest in music began with our yearly visits. The student with ability and a willingness to serve finds many opportunities in a small school such as ours.

## *Student Christian Association*

The Student Christian Association is an interdenominational organization for all students. It offers opportunities for Christian fellowship, service and leadership. It meets regularly one evening a week.

The S.C.A. activities include sponsoring several special programs during the year, and selecting student leaders for vespers and chapel. The S.C.A. also sponsors vesper programs for other groups. This year we carried a program to Truett McConnell Junior College. One of our most outstanding projects is the sponsoring of Christian Emphasis Week once a year.

This year the Student Christian Association elected Mr. and Mrs. W. F. Cherry as advisors. With their help we look forward to a successful year of service to the students and school.

## *Future Teachers of America*

The main purposes of F.T.A. are the following:

1. To develop among young people who are preparing to be teachers an organization which shall be an integral part of state and national education associations.
2. To interest the best young men and women in education as a lifelong career.
3. To encourage careful selection of persons admitted to schools which prepare teachers, with emphasis on both character and scholarship.
4. To seek thru the dissemination of information and thru higher standards of preparation to bring teacher supply and demand into a reasonable balance.

Any student planning to teach upon graduation is eligible for membership.

Our major projects this year were serving at faculty coffee and a week long program for National Education Week. This program included a chapel program and a radio broadcast.

The test of what F.T.A. has meant to us is the part we shall take after graduation in the work of the National Education Association and our state and local education associations. These organizations are needed now more than ever before and they afford us the best opportunities to take our part in safeguarding education and democracy.

## *The Owl Staff*

The Piedmont Owl for 1958-59 has been one of the most successful papers to be published for several years. Circulation has reached an all-time high and an expanded mailing list takes the Piedmont Owl to high schools, and colleges from Florida to Hawaii. The Owl has been published on a regular monthly schedule using for most of its material the creative writing and journalism of Piedmont students. The Owl has contained a series of excellent feature articles and has been characterized by a vigorous and fresh style which will serve as a challenge to future Owls as well as a foundation upon which to build.

FIRST ROW: Shelby Parks; Betty Wood; Mary Maxwell. SECOND ROW: Margaret Wishon; Louise Wansley, President; Thelma Chastain; Barbara Coffee; Sue Thomas. THIRD ROW: Marilyn Hoffman; Shirley Segars; Joan Maxwell; Barbara Smith; Nancy Norton.

## *Gamma Chi Literary Society*

*"Make the Most of the Day"*

President Louise Wansley has led the Gamma Chi Literary Society through many happy as well as useful hours this year. Other officers include Julianne Roane, Vice-President, and Thelma Chastain, Secretary-Treasurer.

The Gamma Chis began the year with an outdoor banquet for all the new girls on campus. One of our favorite projects, and one which the students seemed to enjoy, was the Gamma Chi candy stand. Working with our brother society, the Protropians, we helped to purchase and make the Piedmont College banner now hanging in the gym. One of our more outstanding projects was sponsoring successfully *The Ugly Man, 1959*, Guerry Strickland. Other activities include hobo days, and basketball games with the Theta Zeta society. Although they proved the superior we had fun trying anyway.

We give our special thanks to Miss Lillian McKee and Dr. Elizabeth Sawyer for all their willing help and with their help we look forward to an even brighter future.

FRONT ROW: Kent Bartlett, Charlie Brown, Edward Jallouk, Kendall Rice, William Lepere, Kenneth Quarterman, David Adams. BACK ROW: Dr. Clement, Advisor; John Merritt, Hollis Tanksley, Brad Bartlett, Nolly Dunn, Jim Abercombe, Richard Taylor, Andy Simmons, Carl Goolsby, Guerry Strickland, Bill Willett, Curtis Hughes, Len Warner, President; Mr. Czikowsky, Advisor.

## *Protropians*

*"Knowledge is Power"*

This year's Protropian Men's Literary Society has experienced a resurgence of interest in those campus activities which engender and maintain a spirit of camaraderie as well as supply valuable services to the student body and college family. Among this year's activities have been the daily display of the colors on the campus flagpole, fund-raising efforts through scrap collecting and car washing, and sponsorship of dances and candidates in various campus contests. Perhaps the more lasting contributions have been the framing of an original document of the founding of our college and the purchase of the Piedmont Banner. The momentum of interest in the club has been successfully carried through the entire school year and the Protropians of 1958-59 leave a legacy of good memories, solid accomplishments, and a nucleus for future clubs which is well-trained and imbued in the spirit of campus service embodied in the Society.

FRONT ROW: Gail Kennedy, Gail Nichols, Rosa Maria Valdes, Gayle Smith, Frances Nash, Mrs. Davis, Advisor; Hazel Mooney, Edna Mooney, President. BACK ROW: Mary Moore, Elina Figueuroa, Emily West, Dinorah Figueuroa, Estella Searing, Velinda Purcell, Evelyn Bryant, Tee Damianus, Patricia Ann Hensley.

## *Theta Zeta Phi Society*

The year 1958-59 has been a successful one for the Theta Zeta Phi Society. They began with a get-acquainted party for the new girls on campus at the home of the Theta Zeta Phi's sponsor, Mrs. Mildred Davis. Later in the year they entertained their brother society, the J. S. Greens with a party at the Davis's cabin on Seed Lake. They joined the other societies to make the Queen of Hearts Dance a great success.

The foundations of our club are love, idealism, and friendship. We look forward to even more successful years in the future filled with happiness and fun for all.

FRONT ROW: Ramon Cappel, Bill Thomason, Myron Bullock, Bobby Smily, Gerry Moon, Bud Leopard. SECOND ROW: Jim Cantrell, President; Herman Smith, Dean Sheetz, Harold King, Roger Dill, Dale Draucker. THIRD ROW: Bobby Johnson, Bobby Waters, Larry Wood, Jerry Alderman, John Davis, John Kuiken, Tom Cosby, Gerald Deloach, David Clinton, Fred Steele.

## *J. S. Green Society*

The slow start of our organization was not indicative of our achievements in this year of progress. Under the leadership of Jim Cantrell the progress of regenerating traditional literary events and projects was continued.

Among other projects was the sponsoring of a motorcade and the pep rally, the co-sponsoring of the Valentine Dance, and the renovation of the "Green Room."

We hope for a continued growth in the fraternal companionship and in the prominence of the J. S. Green Society.

## *Miss Yonahian 1959*

A glow of happiness and festivity lingered over the traditional regality and atmosphere long after the last couple had parted. The highlight of a most wonderful dance had been the crowning of this lovely queen of the campus.

Miss Yonahian is chosen by the student body each year and is the highest non-scholastic honor a co-ed can be given. Beauty, intelligence, poise and popularity are the qualities which have made Shelby Parks our Miss Yonahian of 1959.

### THE VARSITY

The following statement is not my own but one with which I heartily agree and feel deserves repeating on this page.

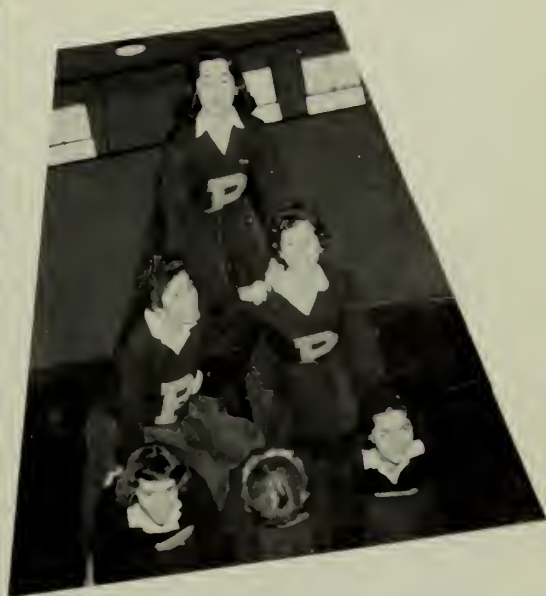

“Sport, which still keeps the flag of idealism flying, is perhaps the most saving grace in the world at the moment with its spirit of rules kept, and regard for the adversary whether the fight is going for or against; when, if ever, the fair play spirit of sport reigns over international affairs, the cat force which rules there will slink away and human life emerges for the first time from the jungle.” Galsworthy

# SIXTY-FIRST GRADUATION

# PIEDMONT COLLEGE

The weekend of the sixty-first graduation of Piedmont College was packed full of fun for graduates and alumni alike. On Saturday June 6, 1958, the alumni gathered for their annual barbecue. After much conversation about "do you remember when" the alumni relived their old baseball days in a fast and exciting game against the students. The weekend was ended by the President's reception held in the E. Louise Patten Library.
